

Dear customer

dear business associate

A new trademark for a tried and tested company:

**German JWE Group will operate
under the name of JWE Baumann GmbH**

German JWE Group, one of the worldwide leading suppliers of system solutions for the slaughtering and meat processing trade, will start the new year under a new setting. After merging its subsidiary Baumann Schlachthausmaschinen GmbH with JWE GmbH the company will operate under the name of JWE Baumann GmbH.

The wide range of products of JWE Baumann remains the same as before. The name may have changed but the company remains the same. In terms of expertise, experience and commitment we won't alter a bit.
